

KIDZ NEWS AND VIEWS

February 2020

What an honor it is to lead children to the love of Jesus. In this issue of KidZ News and Views, Gordon introduces our theme for 2020--one that is important to follow if we want to lead children well. You will also discover a wonderful model you can use to help children engage in listening prayer. And we hope you will be encouraged by the global stories we share with you.

Our sincere desire is that KidZ helps you lead and love well in 2020.
